Re: Application for EPA Federal I.D. Number
Wal-Mart Stores, Inc.
4900 Garth Road
Baytown, TX 77520

Dear Sir:

In compliance with the Federal and State regulations concerning management of hazardous wastes, we are asking you to supply us with a federal and/or state E.P.A. identification number as soon as possible.

The waste products we will be dealing with include used motor oil, used batteries, spent cleaning solvents and other solid non-hazardous wastes.

Our current store policy is to sell the used oil and used batteries to a recycling company, and we have a national contract with Safety Kleen for our parts washing solvent. According to the federal EPA regulations, none of these products are considered regulated wastes due to the recycling of the materials. However, we do recognize that some parts of your states law will necessitate our having EPA and/or state identification numbers.

Please advise us if you have any questions regarding this application.

Thanks for your help.

Best Regards,

Gene Wheeler
